- 2.3. If one or more of the terms in these rental conditions are void or become void, the other terms of these rental conditions remain valid. The void or voided terms will be replaced, whereby the purpose and intent of the original term(s) will be taken into account as much as possible.

3. Advertising of the Camping Vehicle via Camptoo

- 3.1. The Owner must ensure that, from the moment the Camping Vehicle is listed on the Website, the Camping Vehicle complies with local applicable laws and regulations for driving on public roads, as well as the requirements in Appendix A.
- 3.2. The Owner must accurately and truthfully display and describe the Camping Vehicle. The Owner is solely responsible for any content that it makes available on or through the Website and the Owner represents and warrants that the content will not infringe, misappropriate or violate a third party's intellectual property rights or any applicable laws. If in the reasonable opinion of Camptoo any Owner content infringes any of these terms it reserves the right to remove such content with any further notice. If the vehicle is equipped with a vehicle tracking system, the Owner is obliged to make this known to the Traveller in the Listing, and the Traveller is then assumed to be aware and in agreement with this.
- 3.3. The Owner is solely responsible for setting the Rent. Once a Traveller requests a booking of an Owner's Camping Vehicle and has been provided with the Total Travel Price the Owner may not request that the Traveller pays a higher Rent than in the booking request unless the Traveller's requirements change. The Total Travel Price must include the Additional Expenses listed at 5.2 of these terms which may be subject to change from time to time.
- 3.4 As soon as the Rental no longer meets the requirements in the above 3.1, 3.2 and/or 3.3, the Owner must immediately remove the Rental from the Website. If a removal of a Rental results in the cancellation of one (or more) future Rental Periods, the Owner is liable for any cancellation costs as described in 14.3.
- 3.5. The Owner must keep the availability and rates of the Rental up-to-date at all times via the Website.
- 3.6 Owners who operate their Camping Vehicles as part of a business must ensure their company name or website is not visible in the Listing or photos. If it is visible, this can be interpreted as an intent to establish a rental period outside of the Website as prohibited in the General Terms & Conditions.

4. Booking and the realization of the Rental Agreement

- 4.1. A Traveller can only submit a reservation request via the Website. The Owner must respond to a reservation request within 24 hours. If the Owner accepts the reservation request, the Traveller will be notified by Camptoo via e-mail and SMS. Camptoo acts solely as a commercial agent on the behalf of the Owner in this transaction.
- 4.2. The Rental Agreement comes into effect after a (down) payment has been made as described in 5.3.

5. Payment

- 5.1. Payments that the Traveller owes to the Owner, in accordance with the Rental Agreement, must be made and processed via the Website. The Owner must not request and the Traveller must not make any payments in relation to a Rental other than via the Website.

5.2. The Total Travel Price includes the following Additional Expenses:

- a. the transaction costs (with the exception of payments made via credit card);
- b. the hand-over costs;
- c. any vehicle insurance costs of the Rental;
- d. the actual rental cost of the Rental;
- e. Security Bond; and
- f. the Camptoo service charge.

5.3. After the Traveller's rental request has been approved by the Owner through the website, the Traveller can complete the reservation request by making a downpayment of 25% of the Total Travel Price. The downpayment as well as all other payments must be processed through the Website. The Traveller must pay the remaining balance of the Total Travel Price when Camptoo requests this. If the rental request is submitted 8 weeks or less before the start of the Rental Period, then the Traveller must pay 100% of the Total Travel Price to complete the reservation request.

5.4. Payments must be made via payment links provided on the Website, unless otherwise instructed by Camptoo. Payments must be made for the correct amount and in the right currency.

5.5. If any extra charges or expenses are incurred during the Rental Period, those charges and expenses will be charged to the Traveller after the Rental Period has ended. Such charges and expenses that could be charged to the Traveller include:

- a. loss of or damage to the Camping Vehicle as a result of failing to comply with this Rental Agreement or howsoever arising;
- b. Extra Rent as a result of late return of the Rental, 11.1;
- c. repair costs or replacement costs in the event of damage, up to the maximum excess of the Insurance Policy per incident;
- d. tolls and fines incurred by the Traveller with the Rental during the Rental Period;
- e. extra mileage;
- f. fuel costs if the Rental has not been returned with the same amount of fuel in the tank;
- g. cleaning costs of up to a maximum of £250, -, with a going rate of £10,- per 15 minutes of work, except when it is evident that professional cleaning services are needed. If this is the case, Owner is entitled to charge such additional cleaning costs as are reasonable in the circumstances.;
- h. administration costs as described in article 15; and
- i. other additional costs (if notified in advance in accordance with 11.10).

Owner will provide reasonable proof of these costs as required by Camptoo. The traveller and Camptoo have the right to request a quotation/invoice with corresponding proof of payment from the Owner before a surcharge or damage claim is paid out.

5.6. The Owner can use the security bond to capture the costs outlined in 5.5 from the Traveller. If the security bond is not sufficient, the extra costs will be invoiced to the Traveller separately. Traveller will be required to pay such costs within 7 days.

6. Security bond

6.1. The Security Bond per Rental Period and Rental is stated in the booking overview. The Traveller must pay or authorize the Security Bond through the Website at least one day before departure, otherwise an additional £25 handling fee is charged to The Traveller by Camptoo. Rental cannot be issued as long as the Security Bond has not been paid. Camptoo manages the Security Bond on its third-party account during and after the Rental Period until any additional costs and damages have fully been settled between the Owner and the Traveller.

6.2. Camptoo will send a final invoice within 5 working days, after the end of the Rental Period, and remove the credit card authorization or refund the Security Bond to the Traveller, minus any additional costs owed by the Traveller, assuming that a) no surcharges have been filed or all surcharges have been accepted by both parties and b) no Damage has occurred during the Rental Period.

If Damage has occurred during the Rental Period, then Camptoo will send a final invoice within 5 working days of the costs arising from that Damage being determined among Owner, Traveller and Insurance companies (if applicable). Camptoo will then remove the credit card authorization or refund the balance of the Security Bond to the Traveller, minus any additional costs owed by the Traveller.

6.3 In the event that the amount owed by the Traveller as a result of Damage, Breakdown or howsoever arising exceeds the amount of the Security Bond the invoice issued pursuant to 6.2 above will be payable by the Traveller within 14 days of issue.

7. Making the Rental available

7.1. The Owner must make the Rental available to the Traveller at the location, time and date as stated in the Booking Overview. The Rental must be clean from the inside and the outside, and must include the inventory, accessories and properly functioning amenities as indicated in the advertisement on the Website at the time of the down payment by the Traveller.

7.2. If the Owner cannot make the Rental available, or cannot offer a different Rental which satisfies the Traveller, then the Traveller is entitled to cancel the Reservation according to 14.1.

7.3. If not all accessories and amenities shown in the advertisement are present in the Rental or if these are not all functioning properly, the Traveller can ask for a 5% refund on the rent per missing or non-functioning accessory or amenity (up to a maximum of £50 per accessory or amenity and a total of 25% refund), or the Traveller can cancel the Rental Agreement in accordance with 14.1.

7.4. When handing over the Rental the Owner must hand over the following documents to the Traveller:

- a) A valid insurance certificate of the Rental;
- b) The registration documents of the Rental;
- c) The Rental's user manual (if available); and
- d) The Rental's inventory (if available).

7.5. Prior to or upon collection of the Rental the Owner must obtain from the Traveller:

- a) Driver details and information;
- b) a utility bill (not older than 90 days) evidencing the Traveller's name and address;
- c) Copy of Driver's Driving Licence;
- d) DVLA check code where appropriate;
- e) a copy of the Traveller's certificate of insurance for the Rental Period.

7.6 The Owner must give the Traveller instructions for both driving the Rental as well as the proper use of the accessories and amenities.

7.7. The Owner must state any pre-existing defects and damages to the Traveller. If it appears that the Owner is attempting to pass on any pre-existing damage(s) to the Traveller, the actual costs for compiling an expert report, claims handling and extra administrative actions (such as reporting to the police for fraud) are at the Owner's expense .

7.8 if any condition mentioned in the Listing contradicts these Rental Terms and Conditions, these Rental Terms and Conditions overrule any condition mentioned in the Listing.

7.9 The advertisement and all features, conditions, house rules and rates that apply at the time of payment, apply until the Rental Period has ended and any damage and additional costs have been settled. Changes to these features, conditions, house rules and rates are only permitted in written agreement with the Traveller.

7.10. If a third party arranges the hand-over, the rental conditions still apply to the Owner.

7.11 The Traveller is responsible for filling in the transfer form when picking up the Rental, as described in 8.

7.12 If the Insurance Policy of the Owner requires them to comply with any additional requirements or obtain any additional documents for their records, it's the owner's responsibility to get these from the Traveller. For example: a traceable money transaction.

7.13 During the term of this Agreement the Owner must, at the Owner's expense, take out and maintain with an insurer approved by Camptoo:

- a) a comprehensive policy that provides cover for areas including indemnity for up to the full market value of the Camping Vehicle in the event of fire or theft;
- b) indemnity for third party loss;
- c) cover for use of the Camping Vehicle as a Rental and by a Driver; and
- d) a public liability policy that provides cover for at least £6,000,000 per claim.
- e) if the Owner operates a registered business. The Owner must supply their own public liability, and business liability insurance.

7.14 if any condition mentioned in the Listing contradicts these Rental Terms and Conditions, these Rental Terms and Conditions overrule any condition mentioned in the Listing.

8. Transfer Form

8.1 The (digital) transfer form will be considered leading in determining the state of the Camping Vehicle upon start and end of the Rental Period. Confirmation of the digital transfer form will be done by confirming via the form itself and will be considered legally binding. The hard copy transfer form will be physically signed in twofold.

8.2. The (digital) transfer form includes:

- a) the mileage and fuel level as at the start and end of the Rental Period;
- b) a note of any exterior damage;
- c) whether the Rental is clean;
- d) whether the Inventory List is complete and correct;
- e) whether the required documents are present in accordance with 7.4;
- f) whether all accessories and amenities, as indicated in the Listing, are present and functioning properly.

8.3. If the Rental is not in a reasonable clean condition, the person responsible for determining the condition of the Rental must take pictures clearly displaying the state of the vehicle and make these pictures available to Camptoo via the digital transfer form or by sending them to the following email: support@Camptoo.co.uk. Photos should clearly show what is not clean. If cleaning takes more than 10 minutes, Traveller can ask to be compensated for this at a going rate of £10,- per 15 minutes of work.

8.4. Both the Owner and the Traveller can approve or dispute the submitted (digital) transfer form by making an objection on the (digital) transfer form and by including photographs to substantiate the objection. If no objection has been made within 30 minutes after the transfer form has been submitted, the (digital) transfer form will automatically be approved. For the paper version of the transfer form both parties need to sign the form prior to starting the Rental Period, and damage must be noted on the form under 'remarks'.

8.5. Upon picking up the Rental, the Traveller and Owner must report via the transfer form any damages and defects present on the interior or exterior of the Rental. After confirming, no damages or defects can be considered pre-existing, with the exception of damages or defects which are not inspectable prior to starting the rental period, such as hidden defects. Such defects should be reported to Owner and Camptoo within 24 hours.

8.6 Upon dropping off the Rental, the Traveller and Owner must report via the transfer form any new damages and defects present on the interior or exterior of the Rental. After confirming, no damages or defects can be considered as pertaining to the Rental Period, with the exception of damages or defects which are not inspectable upon dropoff but can clearly be attributed to the Rental Period, such as using the wrong fuel type. Such defects should be reported to Traveller and Camptoo within 24 hours.

8.7. In case of usage of the hard copy transfer form, it is the responsibility of both the Owner and the Traveller to hold a photocopy of the signed transfer form. Only photocopies of mutually signed transfer forms are taken into consideration in case of any disputes regarding additional charges. If parties disagree on the content, both parties have to sign with the addition of a remark with their name in front of it, stating their position. If one of the parties chooses not to sign, the version of the party that did sign shall be considered leading.

8.8 If the Owner wishes to report damage to the exterior of the vehicle after the Rental Period has ended, the last-signed transfer form will be considered the basis for determining if this damage demonstrably occurred during the Rental Period.

9. Rules of conduct for the use of the Rental

9.1. The Traveller guarantees that he/she or the Driver meets the necessary physical and mental requirements of being able to safely drive the Rental.

9.2. The Traveller is responsible for all the goods and persons transported in the Rental. It is explicitly prohibited to transport illegal goods (including drugs) in the Rental or to use the Rental for any illegal purpose whatsoever.

9.3. If the Traveller is not the Driver, then the Traveller must inform the Driver of these rental conditions and ensure that the Driver follows the rental conditions.

9.4. In the event the Rental Agreement is not fulfilled by the Traveller, or if the Rental has been misused, the Traveller is liable for all directly and indirectly resulting damages. The Traveller will in addition be charged a fine of £250, which will go to the Owner. Misuses include:

- a) The Traveller going to countries, parts of countries or states other than the ones permitted in the insurance documents and / or stated in the Owner's house rules.
- b) The Traveller violating the house rules as stated in the Reservation Summary and in the Rental's advertisement on the Website in the section "House Rules".
- c) The Traveller renting out the Rental to third parties (subletting).
- d) The Traveller ignoring the Rental's warning lights.
- e) The Traveller changing travel companions without informing the Owner and Camptoo in writing.
- f) The Traveller obscuring the Rental.
- g) The Traveller selling the Rental.
- h) The Traveller recklessly using the Rental.
- i) The Traveller allowing others to use the Rental, or letting other Drivers drive the vehicle, other than the Camptoo-approved Drivers.
- j) The Traveller using the Rental for illegal purposes.
- k) The Traveller using the Rental for commercial or media purposes without written permission from the Owner and Camptoo.
- l) Any other behavior from which it can be established that the Traveller does not act as 'good guests' with regards to the Rental.

9.5. If the Traveller puts improper substances in the fuel tank, gas tank, clean water tank and / or waste water tank - including incorrect fuel in the fuel tank or fuel in the clean water tank - then all the repair costs will be at the Traveller's expense.

9.6. The Driver must have at least reached the age stated in the Booking Overview and be in possession of a valid driving license which is required to drive the Rental, or required to drive the combination of the Rental and towing vehicle. A driver is only allowed to drive the Rental if a Verification has been carried out through the Website before the start of the Rental Period, and the outcome of the Verification is positive. If the Verification has a negative outcome and causes the cancellation of the Rental Period, the Traveller is considered to be at fault and the cancellation policy applies. If the Driver travels through a country where his/her driver's license requires an international driving license, then this Driver must have a valid international driving license.

9.7. The Rental may only be used for the maximum number of people listed on the Website and / or mentioned by the Renter when booking the Rental.

9.8. Each Driver and the Traveller has to hold a driving license which is valid upon at least 1 month after the drop off date and which allows for driving the Rental, possibly in combination with a towing vehicle in the case of a caravan or trailer tent, in all countries and states travelled with the Rental.

9.9. The Traveller is liable for any traffic violations and / or any costs related to the use of toll roads during the Rental Period. This liability continues even after (a part of) the security bond has been refunded and expires one year after the end of the Rental Period. Additional charges for traffic violations and / or costs for the use of toll roads by the Traveller must be proven by the Owner, by providing evidence that these costs have indeed been incurred by the Traveller during the Rental Period. The Owner must advance these costs at any time to prevent any extra charges. Only the costs that would apply if payment was done within 5 working days of the date on the notification can be charged to the Traveller.

9.10. The Traveller must use and drive the Rental in accordance with the vehicle instructions and (when provided) the Rental's user manual. The Driver and the Traveller must, when using the Rental, follow all the instructions provided by the Owner, including instructions that have been uploaded on the Website. The driver must drive the Rental carefully and safely.

9.11. The Rental must be used in accordance with applicable laws and regulations at all times.

9.12. The Rental is only to be used by the Traveller for camping purposes. It is only permitted to use the Rental in areas where local law, the house rules and the Insurance Policy allow it. If damage or costs arise because the Traveller did not abide by these restrictions and if these costs are not covered by the Insurance company, these costs will be charged to the Traveller.

9.13. If the Rental has a technical fault and / or failure, the Traveller is obliged to immediately inform the Owner by phone or text message.

9.14 Only the countries, states or regions described on the transfer form and / or stated in the advertisement are allowed to be visited with the Rental.

10. Extending or shortening the Rental Period

10.1. The originally agreed upon Rental Period can be extended when both the Owner as well as the Traveller agree on the amendment via the Website. The extension is authorized if the Owner agrees to the extension and the Traveller has paid for the extension on the Website.

10.2. In accordance with the Rental Agreement, the Owner has the freedom to refuse an extension request. If the Traveller does not return the Rental on the mutually agreed upon end date of the Rental Period, the Traveller will be liable for the costs as described in 11.1

10.3. If the original Rental Period is extended by a mutual agreement between the Traveller and the Owner but the amendment is not confirmed through the Website, these Rental Conditions do not apply and Camptoo services (including insurances) can lose their validity retrospectively. Any costs or conflicts not indisputably stemming from the original Rental Period will not be serviced by Camptoo.

10.4 The Owner is not allowed to demand early return of the Camping Vehicle by the Traveller, unless:

(i) the Traveller explicitly agrees to this and the Camping Vehicle is returned at an agreed upon time and place, at which time a full refund will be given for unused days (Rent and Service Costs) to the Traveller. These costs will be charged to the Owner.

(ii) the Owner can prove that the Traveller is guilty of misuse as defined in Article 9.4, in which case the Traveller is obliged to follow the Owner's instructions and drive back via the shortest reasonable route to the Owner and return the Camping Vehicle. No refund will be given for unused days in this case.

10.5 If the Traveller wishes to return the vehicle early, this is to be done at a time and place agreed upon with the Owner. No refund will be issued for unused days will be issued unless agreed upon with the Owner. No refund of service costs will be issued.

11. Returning the Rental

11.1. The Rental may only be returned by the Traveller and Drivers, whereby the Rental Conditions remain applicable to the Traveller at all times. The Traveller must return the Rental to the agreed place and time on the agreed end date of the Rental Period, as described in the Booking Overview. In the event of non-delivery or late return of the Rental to the agreed location, a fee of 250% of the rent can be charged to the Traveller for each period of 24hrs that the Rental is returned late or on a pro rata basis where the late return is within 24hrs. The split of this extra charge is as follows: 200% of the rate is paid to the Owner and 50% to Camptoo.

11.2. If the Traveller cannot return the Rental to the Owner at the agreed place and time, the Traveller must record the final state of the Rental through the (digital) transfer form before the due date for handing over the Rental. If the Rental is not returned for reasons other than a Breakdown, any repatriation costs will be charged to the Traveller.

11.3. The Traveller must clean the Rental's interior (including toilet and tanks) and return the Rental in the same condition as it was on pick-up.

11.4. The Owner is responsible for accurately recording the condition of the Rental during the handover through the (digital) transfer form as described in 8. Only if this has been done according to 8 can the Owner claim any costs as mentioned in 5.5.

11.5. If the Owner is not present at the agreed place for the hand-over of the Rental, the Traveller is expected to record the condition of the Rental using the (digital) transfer form as described in 8; this must be done in a true and fair way.

11.6. If the Owner asks a third party to hand-over the Rental, the Owner must inform the Traveller in writing. This information must include the name of this person. What the third party states in the (digital) transfer form is seen as if it is specified by the Owner. These rental conditions remain applicable to the Owner.

11.7. If the Traveller deliberately fails to mention damage(s) caused to the Rental, the costs for the expertise, claims handling and additional administrative actions (such as reporting to the police for fraud) will be at the Traveller's expense.

11.8. Additional costs for the Rental - including but not limited to cleaning costs, inventory rental, linen and/or gas - must be made known in advance in the Listing.

11.9. If the Traveller does not return the Rental, Camptoo will support the Owner to call the police and all evidence will be transferred to the police. All direct and indirect costs, including lost rental income, will be at the Traveller's expense.

12. Damage and insurance

12.1. The Owner must adequately insure the Rental and lawfully get required certifications during the Rental Period. The transfer form indicates how the Rental is insured including the availability of roadside assistance. If this is not filled in correctly, all possible resulting costs will be at the Owner's expense. If the insurance adds specific requirements to the Traveller or Driver(s), these should be mentioned in the Listing in order to charge cancellation costs to Traveller if they do not meet these requirements.

12.2. Damages and/or defects can always occur to the Rental during the Rental Period. If the Rental breaks down and/or is involved in an accident, the Traveller must immediately contact the Owner (after following the necessary safety procedures and precautions). The Traveller must follow instructions by local authorities, Owner and Camptoo. Immediately after an accident, before the vehicles involved in the collision have been moved, or if it is a one-sided accident, before the Rental has been moved, the Traveller must take photos of the damage and of the location of the accident. Additionally, the Traveller must immediately complete the claim form and send a photograph of the completed and signed claim form to the Owner.

12.3. It is forbidden for the Traveller to repair a damage or defect without the written consent of either the Owner or the Insurer. In the event the Traveller is allowed to contact the Insurer directly and the Insurer accepts the repair and the costs involved, the Owner is to be notified afterwards. In the event the Owner has to consent to a repair and the costs involved, the Owner must do so as soon as reasonably possible but at least within 24 hours or come up with an equivalent alternative. If the Owner fails to comply with the above mentioned time frame, the Owner is deemed to have agreed to the proposed solution.

12.4. If the Rental is involved in a collision, the Traveller has to handle according to the local laws and regulations and an appropriate European Accident Statement form must be signed by all parties involved, including in any case the Driver and the Traveller.

12.5. If the Traveller does not comply with Clauses 12.2-12.4, all costs resulting from this will be at the Traveller's expense.

12.6. Damage that is not eligible for reimbursement according to the Insurer's insurance conditions, remains at the Traveller's expense. An exception to this is motor damage, which is at the Owner's expense unless there is sufficient proof of negligence and/or recklessness on the driver's part. For replacement of non-mechanical parts which raise the value of the Rental, insurances can require Owner to pay for part of the replacement costs excluding labour; this may not be charged to Traveller. For such replacements below the excess risk, Camptoo considers a reasonable contribution by Owner to be 0% for parts up to 5 years old, 20% for parts between 5 and 10 years old and 40% for parts over 10 years old.

12.7. In the event of damage, the repair costs must be reported to Camptoo by the Owner through the Website within 10 working days upon return, including a quote and photos clearly showing the damage. If the Owner is unable to do so, the Owner must provide at least a description and photo of the damage within this period. Failure to do so will lead to release of the Security Deposit and the payment of the damage will occur within 5 working days of payment by the Traveller.

12.8. If the Traveller does not agree the damage occurred during the rental period or does not agree with the repair costs indicated by the Owner, the Traveller can have this verified by an independent and qualified claim expert, who can determine the amount of the damage by means of photos of the damage provided by the Owner, or by means of a physical inspection. The amount for repair of the damage determined by the claim expert is binding between the Traveller and the Owner. If Traveller wishes to invoke this right, they must indicate so within 48 hours of receiving the quote from the Owner and employ said claim expert at the earliest possible convenience. The claim expert needs to be independent, an expert in damage appraisal for campers/caravans and cannot be (employed by) a damage repair company.

Camptoo will inform the Owner if this right is invoked. If the difference between the amount of the damage indicated by the Owner and the amount determined by the claim expert is less than £100, the costs for the claim expert will be at the Traveller's expense. If the amount of the damage is more than £100 cheaper, the costs of the claim expert will be at the Owner's expense. If the independent claim expert requires access to the vehicle or additional pictures of the damage where the damage is clearly visible, the Owner must make the additional pictures available to the claim expert within two working days. If this is not supplied within this time frame, the deposit will be refunded to the Traveller and the claim can no longer be pursued via Camptoo.

12.9 Owner and Traveller can under no circumstances claim costs for handling or indirect costs related to damages including, but not limited to: emotional damage, time spent, income lost, missed flights or reservations for hotels or campsites, fuel for driving to and from damage repair companies. Exception to this are the costs detailed in article 11.9.

13. Cancellation of the Rental Agreement

13.1. The Traveller may refuse the Rental if he/she believes (within reason) that it is not suitable and / or the amenities and / or accessories do not match the advertisement as shown on the Website. The Traveller may cancel the Rental Agreement if this occurs. The Traveller does not have to pay any costs in this case, and Camptoo will charge the Owner with a 15% cancellation fee. In this case, the already paid Rent and bond will be paid back in full to the Traveller. If the Traveller decides not to cancel but to use the Rental nonetheless, then this is entirely at the risk of the Traveller.

13.2. The cancellation conditions apply to the Rental Agreement and are specified in the advertisement and agreed to when the Traveller pays for the reservation request.

13.3. The Owner is allowed to cancel the Rental Agreement free of charge before the Traveller has paid the down payment. After the down payment, the Owner can only cancel the Rental Agreement free of charge in cases of force majeure (as defined on the Website). If force majeure is not indisputable, Camptoo has the right to acknowledge or deny a claim of force majeure at its discretion.

13.4. In the event of a cancellation, Camptoo will try to find a suitable replacement vehicle available to the Traveller. The Traveller is not obliged to accept this replacement, but cancellation conditions may be applied in this case.
